

# Abrasive Wheels

It is a legal requirement under The Provision and use of Work Equipment 1998 (PUWER) that all staff who use abrasive wheels receive abrasive wheels training. Abrasive Wheels are used in many areas and can be highly dangerous if used by untrained personnel. This course covers all the legal requirements for the safe use and mounting of abrasive wheels, as well as a practical understanding that can be applied by delegates when they return to their own organisation.

## Duration

Half day.

## Who should attend

This course is suitable for persons who are working with abrasive wheels or those who manage or supervise such activities.

## Aims and objectives

This course is designed to help the individual understand their responsibilities within the workplace and is aimed at persons working with Abrasive Wheels. The aim of this course is provide delegates with the knowledge and competence required to comply with the Health & Safety at Work Act and the Provision and Use of Work Equipment Regulation 1998 (PUWER).
